- Learn how to use iTero digital scanning to deliver accurate, high quality crowns and fixed prosthetics predictably with minimal to no chair-side adjustments.
- Learn how digital scanning with iTero saves time, material costs, and reduces stress to the entire team.
- Increase communication with labs and learn how digital work-flow benefits both doctor and laboratory.
- Learn how to utilize the iTero digital scanner as a valuable marketing tool for your practice and increase case acceptance.
- Reduce or eliminate the need for costly errors and lab re-makes.
- Learn how to utilize scan bodies with iTero to deliver predictable excellent implant crowns.
- Learn tips and techniques to enhance overall patient satisfaction.
- Review of latest iTero software release enhancements.
- The future of scanning and how will it impact your practice.
- Learn how the iTero scanner can be used across many digital platforms, including popular third party CAD CAM milling units.
- Increase profitability by harnessing the power of digital workflow.

Guest Speaker: George Rivera, DDS

Dr. Rivera is a graduate of Loyola University School of Dentistry, earning his D.D.S. degree in 1984. After graduating, Dr. Rivera went on to pursue advanced education from the L.D. Pankey Institute and Northwestern University Dental School. He has published and lectured on various topics in dentistry, including cosmetic, restorative, CAD CAM and microscopic dentistry. Dr. Rivera is an Invisalign Preferred Provider, utilizing aligner therapy as one of the cornerstones of providing improved occlusion, health and wellbeing for his patients. He has also spoken on behalf of parent's groups for guidance on care of Autism spectrum disorders as related to the dental office environment. Dr. Rivera is currently in private practice in Oakbrook Terrace, IL, where he lives with his wife and their three college-aged children.

Technic Dental Lab is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing dental education programs of this program provider are accepted by AGD for Fellowship/Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval for this program extends from 7-1-15 to 6-30-18.
